

Retelling Academic Choice

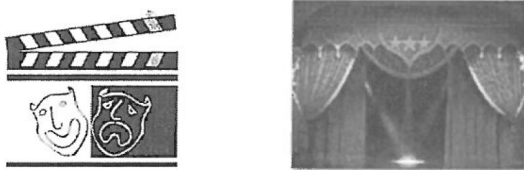

Why? I can **retell** a story to show I understand it.

Criteria for **finished work** and showing **I tried my best**:

1. I included all of the **characters** and I used **their names**.
2. I included the **setting** by telling **when and where** the story is taking place.
If the setting changed, I showed the differences.
3. I told **what happens in order** starting with the **beginning**. I included all or most of the **IMPORTANT EVENTS** and **details** in the **beginning, middle,** and the **end** of the story.
4. My work is neat and is **completed** for presentation on Friday, March 7.
